INTRODUCTION

As a passionate first-year B.Tech CSE student, I have actively reported security vulnerabilities to various companies, showcasing my keen eye for detail and dedication to cybersecurity. My proactive approach in identifying and reporting these issues has led to significant improvements in platform security. I am driven by a desire to make the digital world safer and continually expand my skills in ethical hacking, programming, and security analysis.

EDUCATION

Ganga Institute of Technology and Management, *Haryana*
B.Tech. in Cse (1st year)

Currently Studying
